Services Provided

- **Auditory-Verbal Therapy:** Specialized therapy for children utilizing hearing technology. Emphasizes auditory skill development and guiding and coaching parents to use listening strategies to ensure children achieve maximum listening and spoken language potential. Provided by an AG Bell Academy certified listening and spoken language specialist (AVT).
- **Listening Therapy:** Specialized therapy utilizing auditory-verbal principles for older children, adolescents and adults who are deaf/hard of hearing and who desire a listening and spoken language outcome with hearing technology. Provided by licensed speech-language pathologist or certified listening and spoken language specialist (AVT).
- **Comprehensive Speech and Language Evaluation:** a complete speech and language evaluation includes assessment of all aspects of cognitive-linguistic function and speech skills.
- **Speech-Language Therapy:** Individualized speech-language therapy for all ages designed to target areas of weakness identified by the comprehensive evaluation.
- **Complimentary Consultation for Families:** Our staff is passionate about serving families to ensure they get the support they need. We are happy to consult via phone or e-mail at no cost to the family prior to the speech and language evaluations.

-We are Medicaid providers and are credentialed with most private insurance companies. Fee for service is available as well as payment plan options.
